

STATE STAR AWARDS

Requirements and Eligibility

1. Each FFA District can submit one nominee per category (Star Farmer, Star in Agribusiness, Star Placement, and Star Agriscience). All nominees must be approved by the district and all records verified as true and accurate.
2. Star candidates must:
 - a. Have their state degree or be receiving it the year they apply
 - b. Be a current/paid FFA member
 - c. Either be in current high school member/student or apply within the 1st year following their high school graduation.

Procedure for Selection of State Star Winners

1. Each nominee will submit the following Office to the state office, (electronically), on date set by the state FFA:
 - a. State Degree Application (if they received their degree previous years, they will have to update their application and resubmit the application for this process only)
 - b. Star Battery (This can be found on national website; used for American Star process)
2. Each nominee must bring the following to state convention:
 - a. At least 2 years' worth of record books (In case of questions by committee)
 - b. 5 copies of their state degree application
 - c. 5 copies of their Star Battery
3. A committee of business and industry people will score the applications using the rubrics provided by nationals. Candidates will then be ranked according to application score. Rubrics may be found on the national website. Application rankings will be count at 2/3 of the total score
4. Candidates will be interviewed by a selection committee made up of five adults representing business and industry selected by the Executive Director of the Oregon FFA Foundation following the guidelines as set forth by the Oregon FFA Association. Interview rankings will count for 1/3 of the total score.
5. Interview committees will determine any ties after adding the application and interview ranking scores.
