**“Be brave. Take risks. Nothing
can substitute experience.”**

~Paulo Celho

Dear Oregon FFA,

Have you ever experienced something that changed your life forever? I have been lucky enough to have experienced this for not just a moment, but for the past four years. Through FFA, I have always competed in new career development events, traveled to new places, and gained more knowledge as well as skills. There was always something that made me step out of my comfort zone and challenged me to grow.

From the major events of life to everyday occurrences, experiences have created the essence of who I am. Recently I lost a grandfather figure who passed down to me his never-give-up attitude and his passion for agriculture. Working with the Oregon Dairy Women helped make me increase my awareness of my potential. Even the little things have a way of impacting life. Such as the time I had to run down Main Street in OD at 11:30 at night after banquet trying to catch my goats, or getting locked out of my room on the first day of OASC summer camp. If I had missed out on even one of these experiences I wouldn't be the person I am today.

Some of my most gratifying experiences come from working within my community and providing service to others. I hope my efforts, to at least a small degree, have helped make a difference in the lives of many individuals. The encouragement that I have received from others has helped me to develop as an individual. After realizing the importance that FFA has created in my life, my passion is to spread the word of the many opportunities that the FFA has to offer. I would love the chance to help you to develop your passion and be there to encourage you throughout your FFA journey.

Join me in the experience of a lifetime at the 83rd Oregon State Convention as I proudly announce my candidacy for the 2011-2012 Oregon FFA State Officer Team. I hope to see you there!

Sadie Tempel
2010-2011 Scio FFA Chapter Vice President
2010-2011 Upper Willamette District Secretary

The FFA Mission

FFA makes a positive difference in their lives of students by developing their potential for **premier leadership, personal growth and career success** through agriculture education.
