

State FFA Officer Nominating Committee,

Growing up having millwrights and loggers and many other tradesmen and women in my family has taught me an abundance of skills and life lessons. One of the big ones is “to make it in life, you have to work hard.” This is one of the many words of wisdom that is helpful for any kind of situation. Whether it be working on a piece of equipment or vehicle or working in the classroom, I believe the harder you work the better and more capable you will become. For myself, I believe that in order to have any success you have to work for it.

My sophomore year I had the rare opportunity to help recharter the Douglas FFA Chapter after 19 years of inactivity. I’ve worked with my Advisor, and fellow students to rebuild it from ground zero. I’ve observed and been part of the hard work that has gone into rechartering an FFA chapter. Through the tears and laughter, I’ve seen a great many wondrous things come about. I want to be there to help lead and see many more of these occasions. The better we are the more fun and exciting things will come. Our time in this blue jacket is limited, so we must make the best of it! To make the best of it we must work hard, keep our chins up, reach out, and pull through. The accomplishments we achieve and the memories to be made, can only be made with our hard work, tears that may be shed, the smiles at the end of our accomplishment, and the satisfaction of completing our tasks!

Though the time is limited I want to help accomplish many great things for the Oregon FFA Association! I will help our future members as a State FFA Officer fulfill any and all tasks that may come before them. Most of all I would like to help and be a part of the 2020-2021 State Officer Team!

Sincerely,

Timothy Reinhart-Mickle  
Douglas FFA Chapter President

“Accept the challenges so that you  
can feel the exhilaration of victory”  
~ General George S. Patton
