To the Oregon FFA Members:

Regretting past decisions is a feeling that no person wants to feel, yet so many of us do. Last year I missed out on several huge opportunities, such as being a chapter and district officer and missing state convention. Most importantly I missed out on being a part of FFA. People don't realize how much they miss something until its gone or in my case, how much I missed FFA and how important it was to me.

I fell in love with the FFA organization the moment I joined my freshmen year. I had a blast doing everything from being in competitions, to socializing at dairy judging. After fierce competitions it was fun to meet new people and be incredibly social at all FFA competitions. The memories made in FFA are some of the best memories of my life.

FFA has been a huge part of my life and has also taught me so many things such as, how to be a role model for other students, what it takes to be part of a team, and how to communicate with the different kinds of people in this world. Through FFA I feel prepared for life and all the curve balls it has to throw at me.

By having your support, my journey to becoming part of your next Oregon state officer team of 2011-2012 will be a great success. Let us all strive to better not only ourselves but also the FFA organization as a whole. I look forward to seeing you all in Medford!

Sincerely,

Casey Gillette
