*“Never let the odds keep you from
doing what you know in your
heart you were meant to do.”
-H. Jackson Brown Jr.*

Greetings fellow FFA members!

In FFA there are 25 nationally recognized Career Development Events. That is 25 possible teams, from every state and territory in the United States of America; and behind every single one of those teams is someone who got them there, a coach or an FFA advisor who have spent hours, days or even weeks helping prepare this individual or team for an event that will only ever happen once in their entire lives. This shows just how much these individuals care about what the FFA is doing for America’s future citizens. Having been by these advisors for the past four years, some of their dedication and leadership has rubbed off on me. Giving me the knowledge and confidence to know that I am now ready to dedicate myself to achieve this level of greatness and pursue the power to inspire others to become the best that they can be.

FFA makes a positive influence on society by providing members with real life experience and through responsibilities gained throughout the years of being a member. There is something for everybody to participate in, from Soil Judging to Ag Sales. FFA helps grow tomorrow’s politicians, scientists, and business owners to bring a brighter future not only for our society but for the entire world. FFA members follow their hearts and face the odds, strive for greatness and to make a difference in the world. They are inspired by their teachers and coaches who had worked to inspire them the way their advisors had before them. Inspiring the youth to face the odds and to follow their heart and change the future. The tradition of the FFA to lead others and shape the future has been at the works for decades, and I plan to honor this tradition and continuing to enlighten individuals on what they are truly capable of and to find their passions. There is no better way to succeed in this mission than through FFA.

The FFA organization has inspired all who have crossed its path. It has given members the confidence to do things that would have never been accomplished in their wildest dreams before encountering this wonderful organization. It is with great pleasure that I announce my candidacy for the 2016-2017 Oregon FFA State Officer Team. I want to help you challenge yourself to face the odds and challenge those beside you to “illuminate” their future.

Sincerely,

Collin Brill
