

# POULTRY EVALUATION

2017-2021

NATIONAL FFA  
CAREER AND LEADERSHIP  
DEVELOPMENT EVENTS

**IMPORTANT NOTE**

Please thoroughly read the introduction section located on [FFA.org/cdeintro](http://FFA.org/cdeintro) for complete rules and procedures that are relevant to all National FFA Career/Leadership Development Events.

## Purpose

*The National FFA Poultry Evaluation Career Development Event simulates learning activities related to production and management, processing, marketing and food safety and quality of poultry products.*

## Objectives

The National FFA Poultry Evaluation Career Development Event provides opportunities for the participant to

- Make accurate observations and logical decisions.
- Discuss and justify decisions (orally and written).
- Communicate industry and product terminology.
- Identify USDA standards of product quality.
- Identify consumer acceptance criteria of products.
- Recognize economic importance of value-added products.
- Collaborate with others to analyze industry scenarios.
- Demonstrate the use of appropriate information technology used in the poultry industry.

Specifically, participants will

- Evaluate and place live meat-type chickens and orally defend the selection.
- Evaluate and place live egg-type hens and orally defend the selection.
- Evaluate, grade and place ready-to-cook carcasses of chickens or turkeys and orally defend the placing.
- Evaluate and grade ready-to-cook carcasses and parts of chickens and turkeys.
- Evaluate and grade individual shell eggs for interior quality.
- Evaluate and grade individual shell eggs for exterior quality and indicate factors governing the grading.
- Evaluate pre-cooked or par-cooked further processed poultry meat products and indicate factors governing the evaluation.
- Identify poultry carcass parts.
- Complete a written examination on poultry production, management and science.
- Contribute to a team practicum and oral presentation related to poultry science.

## Event Rules

**TEAMS**

- Teams will consist of four members. Team ranking is determined by combining the scores of all team members.
- It is highly recommended that participants wear FFA Official Dress for this event.
- Each team will report to the team orientation meeting for instructions at the specified time and place listed in the current year's team orientation packet. No participant, coach or advisor may enter the event area before the specified time.

- Each team will receive computer scan sheets during the National FFA Poultry Evaluation Career Development Event team orientation meeting.

### **PARTICIPANTS**

- Participants will have 10 minutes per class to complete classes. An appropriate amount of time, as determined by the event officials, will be provided for the exam. A warning signal will inform the participants when time expires for each class. Participants will have approximately one minute to move from class to class.
- Any participant in possession of any electronic device not required by event rules is subject to disqualification.

### **HUMANE TREATMENT OF LIVE ANIMALS**

- All live animals must be treated with the utmost care and respect. Violation of this rule will automatically disqualify an offending team member from the event. The supervision, interpretation and enforcement of this rule will be the responsibility of the event superintendent and/or his or her designee.

## **Event Format**

### **EQUIPMENT**

#### *Materials Provided by the Participant*

- Each participant must have two clean, sharpened No. 2 pencils.
- Teams may be required to furnish one laptop computer for the team activity. Teams will be notified if a computer is needed through the team orientation packet. Operating systems and/or software requirements will also be specified at that time.

#### *Materials Provided by the Event Officials*

- Participants will be provided a clipboard to serve as a “backing” and protection while completing the event scan sheet and for storage of the scan sheet during the event. Participants will also be provided with an electronic calculator. No other containers or devices (e.g., student provided clipboards, folders or envelopes) will be permitted for participant use during the event. In addition, participants will be provided clean sheets of paper for recording decisions made during the event. This document will serve as a participant’s personal record of decisions made during the event. Teams may also be provided with additional materials to be utilized for oral presentations in the team activity portion of the event.
- No other materials will be permitted. Participants attempting to use unauthorized materials will be disqualified.

### **INDIVIDUAL ACTIVITY – PLACING CLASSES**

Each class has a value of 50 points per participant. The event superintendent obtains the “official placing” of the class and the “basis of grading” from the judge. The “basis of grading” is the numerical difference or “cut” between each of the three pairs — top, middle and bottom — in the placing class. The three “cuts” are totaled; the total cannot exceed 15 points. From the judge’s information and the directions printed on the Hormel Computing Slide, the correct scores are obtained for all 24 possible placings (refer to References section for the source of the computing slide). The computer scoring system uses the Hormel Scoring format when calculating a participant’s score for each placing class.

#### *Live Poultry*

### **MARKET BROILER PLACING (50 POINTS)**

Each participant will place a class of four market broilers. Each participant will be permitted to “handle” the birds, as long as the birds are inspected in a professional and humane manner. Participants may not remove the broilers from the holding unit.

### **EGG-TYPE HEN PLACING (50 POINTS)**

Each participant will place a class of four egg-type hens. The birds will be Single-Comb White Leghorns, or commercial strains of Leghorn-type (inbred cross). The birds may have trimmed beaks. Each participant will be permitted to “handle” the birds, as long as the birds are inspected in a professional and humane manner.

**ORAL REASONS (50 POINTS)**

Each participant may present oral reasons for either the placing class of market broilers or for the class of egg-type hens. The class for which participants should develop oral reasons for presentation will be clearly identified during the event. Participants will have 10 minutes to prepare and two minutes to present their oral reasons. Reasons should include current USDA and poultry industry terminology and standards.

The oral reasons scorecard can be used as a guideline for preparing (refer to the Presenting Oral Reasons section of the Poultry Science Manual for National FFA Career Development Events, current edition).

**LIVE POULTRY SCORING**

Criteria	Points
Market broilers placing	50
Egg-type hens placing	50
Oral reasons (may be given)	50

*Ready-to-Cook Poultry***CARCASS GRADING (50 POINTS)**

Each participant will grade a class of 10 ready-to-cook chicken and/or turkey carcasses and/or parts. Criteria for grading will be derived from USDA standards for chicken carcasses weighing two to six pounds and for turkey carcasses weighing six to 16 pounds or carcasses weighing greater than 16 pounds. Four categories may be used, including the USDA quality grades A, B, C and the category NG (nongradable). Participants may not touch any carcass or part; doing so will result in disqualification. If used, the shackle holding a carcass may be rotated to show the entire carcass.

Scoring for parts and carcass grading:

Participant's Grade	Official Grade			
	A	B	C	NG
A	5	3	1	0
B	3	5	3	0
C	1	3	5	0
NG	0	0	0	5

As shown above, carcass grading is scored based on the USDA quality grades A, B, C and the category NG. Each correct grade receives a score of five points. If the item is graded one quality grade below or above the correct grade, two points will be deducted to obtain a score of three points. If the item is graded two quality grades below or above the correct grade, four points are deducted to obtain a score of one point. However, if the "NG" line is "crossed" (i.e., an incorrect judgment), all five points are deducted to obtain a score of zero points. (Adapted from information provided by Don Sheets, Retired, Kansas Board of Agriculture, Topeka, Kansas.)

**CARCASS PLACING (50 POINTS)**

Each participant will place a class of four ready-to-cook chicken or turkey carcasses. Criteria for placing will be derived from USDA standards relative poultry weight classes. Participants may not touch any carcass; doing so will result in disqualification. If used, the shackle holding a carcass may be rotated to show the entire carcass.

**ORAL REASONS (50 POINTS)**

Each participant may present oral reasons for this class as determined by event officials. Participants will have 10 minutes to prepare and two minutes to present their reasons. Reasons should include current USDA and poultry industry terminology and standards.

**READY-TO-COOK POULTRY SCORING**

Criteria	Points
Carcass grading	50
Carcasses placing	50
Oral reasons (may be given)	50

*Shell Eggs***INTERIOR GRADING (50 POINTS)**

Each participant will grade a class of 10 white (or white-tint) shell eggs. Criteria for grading will be derived from USDA standards for interior quality of market eggs. The USDA quality grades will be AA, A, B and Loss. Participants must candle the eggs to determine the appropriate USDA quality grade, but improper handling of eggs will result in disqualification.

Scoring for interior egg quality grading:

Participant's Grade	Official Grade			
	AA	A	B	Loss
AA	5	3	1	0
A	3	5	3	0
B	1	3	5	0
Loss	0	0	0	5

As shown above, interior egg quality grading is scored based on the USDA quality grades AA, A, B and Loss. In the case of Class 76, each correct grade receives a score of five points. If the item is graded one quality grade below or above the correct grade, two points will be deducted to obtain a score of three points. If the item is graded two quality grades below or above the correct grade, four points are deducted to obtain a score of one point. However, if the "Loss" line is "crossed" (i.e., an incorrect judgment), all five points are deducted to obtain a score of zero points.

**EXTERIOR GRADING (50 POINTS)**

Each participant will grade a class of 10 shell eggs (white, brown or other). Criteria for grading will be derived from USDA standards for exterior quality of market eggs. The USDA quality grades will be AA/A, B and NG (nongradable). Criteria for grading may include decisions related to the following quality factors: soundness (unbroken, check, dented check or leaker); stains (slight/moderate stain or prominent stain); adhering dirt or foreign material; egg shape (approximately normal shape, unusual or decidedly misshapen); shell texture (large calcium deposits, body check or pronounced ridges); shell thickness (pronounced thin spots); no defect.

Each participant will determine written factors for the grading of the exterior chicken eggs. The written factors will relate to the criteria used for grading exterior quality of eggs.

Scoring for exterior egg quality grading:

Participant's Grade	Official Grade		
	AA/A	B	NG
AA/A	5	2	0
B	2	5	0
NG	0	0	5
Loss	0	0	0

As shown above exterior egg quality grading is scored based on the USDA quality grades AA/A, B and NG (nongradable). Each correct grade receives a score of five points. If the item is graded one quality grade below or above the correct grade, three points will be deducted to obtain a score of two points. However, if the "Loss" line is "crossed" (i.e., an incorrect judgment), all five points are deducted to obtain a score of zero points.

**WRITTEN FACTORS CLASS (50 POINTS)**

Written factors for exterior egg quality grading has a value of 50 points per participant.

Exterior egg quality grading is evaluated for 12 different quality factors. Further processed poultry meat products are evaluated for seven different quality factors. Each item may be determined to have "no defect" or to have one or more defects.

- For each correct match with the judge, zero points are deducted.
- For each "defect" or "no defect" missed or added, two points are deducted.
- No score will be less than zero.

**SHELL EGGS SCORING**

Class	Points
Interior grading	50
Exterior grading	50
Written factor for class	50

*Further Processed Poultry***BONELESS FURTHER PROCESSED (50 POINTS)**

Each participant will determine written quality factors for a class of 10 boneless further processed poultry meat products (e.g., precooked, poultry meat patties, tenders, nuggets or other boneless products). Criteria for evaluation will include coating defects, color defects, consistency of shape/size, broken and/or incomplete products, cluster/marriages and evidence of foreign material. Participants may not touch any product; doing so will result in disqualification.

Boneless Further Processed Poultry Meat Products:

Defect	Product Number									
	1	2	3	4	5	6	7	8	9	10
Coating Void										
Inconsistent Color										
Inconsistent Shape/Size										
Broken/Incomplete										
Cluster/Marriages										
Foreign Material										
No Defect										

**BONE-IN FURTHER PROCESSED (50 POINTS)**

Each participant will determine written quality factors for a class of 10 bone-in further processed poultry meat products (e.g., precooked, bone-in wings or other bone-in poultry meat products). Criteria for evaluation will include coating defects if applicable, color defects, consistency of size, broken products, miscut products and evidence of foreign material. Participants may not touch any product; doing so will result in disqualification.

**CARCASS PARTS IDENTIFICATION (50 POINTS)**

Each participant will identify 10 poultry parts. Poultry parts to be identified will be randomly selected and consistent with those used in the chicken processing and merchandising industries. The participant may not touch any part; doing so will result in disqualification.

The identification class will consist of 10 poultry carcass parts. The class has a value of 50 points per participant. Each correct answer receives a score of five points.

**FURTHER PROCESSED POULTRY SCORING**

Class	Points
Boneless further processed	50
Bone-In further processed	50
Carcass parts identification	50

**WRITTEN EXAM (100 POINTS)**

Participants will complete a 30-item written exam on poultry production, management, anatomy and physiology. Some questions may require mathematical calculations. Examination items will be developed from the references found in the Reference section.

**TEAM ACTIVITY**

The Team Activity can include, but is not limited to, data collection and summary, analyzing current events pertaining to the poultry industry and evaluating other practicum materials pertaining to sections in the IMS Poultry Science manual. This portion will include multiple-choice questions that will be used to develop the team presentation. Team involvement during the evaluations and answering of these questions will be subject to evaluation as described in the preparation sections.

*Preparation (50 points)*

Teams will receive a score of up to 50 points based on observations of event judges evaluating team members' ability to work cooperatively as a team.

*Oral presentation (200 points)*

Team members will also be scored on a final oral and/or written presentation. This presentation will have a value of 200 points (50 points per team member).

- Thirty minutes will be allowed to complete the team practicum(s).
- Thirty minutes will be allowed for team to prepare a final oral or written presentation.
- Five minutes will be allowed for team to present their presentation
- Up to five minutes will be allotted for questions.

Specific information regarding practicum and the type of presentation may be outlined in the team orientation packet, located on [FFA.org](http://FFA.org).

## Scoring

	Individual	Team
Eleven classes — (which includes one (1) oral reason class)	550	2,200
Written exam	100	400
<i>Total individual points possible</i>	700	2,600

<b>TOTAL TEAM POINTS POSSIBLE</b>		2,850

### TIEBREAKERS

If ties occur, the following classes, in this order, will be used to determine the ranking of award recipients:

#### *Individuals*

1. Total scores of placing classes.
2. Written management exam.

#### *Team*

1. Score of team activity practicums.
2. Presentation score from team activity.

## Awards

Awards will be presented at an awards ceremony to individuals and/or teams based upon their rankings.

Awards are sponsored by cooperating industry sponsors as a special project and/or by the general fund of the National FFA Foundation.

### SPECIALTY AWARDS

Specialty awards may be presented by sponsors for teams in specific event areas as well as for individuals excelling in specific areas of the event. Those award categories may include:

- Poultry management.
- Shell eggs.
- Further processed products.
- Live poultry.
- Ready-to-cook poultry products.

## Sample Scorecard for Oral Reasons: Broilers, Egg-Type Hens or Ready-to-Cook Turkey Poultry Carcasses\*

	Possible Points	Total Points
<b>Importance of Points Covered</b>		
Did the participant actually explain why one bird/carcass was selected/placed over another, or did the participant only vaguely describe the birds/carcasses?	5	
Did the participant stress the crucial differences, or did he/she make stereotypic (“canned”) comparisons of various factors?	8	
Did the participant tell all there was to tell of importance, or were there other significant reasons that should have been given for the selection/placing?	5	
<i>Subtotal Points</i>	18	
<b>Appearance and Delivery</b>		
Did the participant stand still on two feet and face the judge?	2	
Did the participant speak clearly, distinctly and loud enough to be heard?	2	
Did the participant have an appropriate opening and closing statement?	2	
Did the participant speak smoothly without long pauses?	2	
Was the participant confident? Was the participant convincing?	4	
<i>Subtotal Points</i>	12	
<b>Proper Use of Terms</b>		
Did the participant use relevant terminology properly?	4	
Did the participant understand the terms used?	3	
Was the participant able to define the terms used? ** (**Participants may be asked to define terms used.)	3	
<i>Subtotal Points</i>	10	
<b>Accuracy of Statements</b>		
Did the participant describe the birds/carcasses based on their actual visual appearance?	5	
Did the participant present accurate statements?	5	
<i>Subtotal Points</i>	10
