Dear Oregon FFA Members,

I believe everyone has one moment and one chance and we each get thousands of those moments every day. However, what do we do with those thousands of moments each day? Where do they go? They cannot just disappear... or do they? If we let these moments pass us by we never know what could have been.

These moments form our lives. The good, the bad, and the ugly all tied together in one book about us. Every day we get the opportunity to choose what our story will be. My favorite part about our stories is that every day a new character enters the scene and becomes a part of our book of life. We don't always get to pick the scenes that become our life, but we do get to pick how we respond to them.

FFA became and still is my chance; my chance to break out and free myself of the boundaries that I set. The limits I set for myself that made me conform to a box I thought I belonged in. The boundaries we break have a lasting impact on our lives. It's easy to become boxed in to what others think we should do or what our stories should look like. However, we are the author of our story and we get to decide how each scene goes.

Oregon FFA I challenge you to find your story. To write it down to see just how great of a story you can have and how much it will impact everyone you know and come into contact with. This is the time, this is the place. FFA became my life and my story. FFA forever leaves an impact on each of us. It is this experience Oregon FFA that I am most excited to share with you and with honor I am pleased to announce my candidacy for the 2017-2018 Oregon FFA State Officer Team. I look forward to meeting you all in Redmond!

Sincerely,

Rachel L.K. McKenzie
